

Adjectives

Grammar > Beginner 3

Exercise 1 – Learning

What are adjectives?

Adjectives are words that describe nouns. They tell us about their size, shape, age, color, origin or material.

Adjective + Noun

In most cases adjectives come in front of nouns:

- It's a **big** table.
- They have a **beautiful** house.
- He's a **good** man.

Linking Verb + Adjective (no noun)

Adjectives that follow linking verbs do not need nouns.

- The table is **big**.
- He is **tall**.
- She seems **happy**.
- They are **rich**.

Tip: Linking verbs are non-action verbs such as 'be', 'become', and 'seem' that link (connect) the subject with words that describe it (adjectives).
